WHITE GLOVE MAID SERVICE

Transforming your home from an ordinary vacation home to one that routinely receives raving five star reviews takes the hard work and determination of a team. Trust the team at Minnie's Cleaning Service and find out how relaxing it can be to own a vacation property.

INSPECTION

Our expert team of vacation rental cleaners will inspect all the objects they touch and be on the lookout for any damages. If damages are found, the item will be documented and you will be notified.

INVENTORY

We continually track inventories on supplies and certain items within the rental. If something is taken or removed you will be notified. As inventories run low, new ones will be added (toilet paper, paper towels, etc.).
